Crash Narrative:

On 01/03/19 at 07:26 hours, I responded to a two car motor vehicle accident at Boylston Street and Ellis Street with one reported minor injury (headache).

Operator of MV # 1 states she was exiting the Boylston Street (RT 9EB) off ramp at Ellis Street when she states that she came to a stop for the stop sign. She then inched out and thought it was clear to proceed straight through and struck MV # 2 on both passenger side doors. Operator also stated that she did not think traffic would be allowed to come from the left of her. She was advised that there is a sign below the stop sign that states that the oncoming traffic does not stop. Operator was issued MA Uniform Citation T1441046 for Ch. 89/9 Stop Sign Violation. MV # 1 sustained front end damage to the entire front but was still driveable and the operator reported no injuries.
