Crash Narrative:

Operator of MV1 said he was traveling Northbound on Walnut Street and turned Westbound on to Otis Street.

Operator of MV1 said he heard a low hanging wire hit the top of his truck and when he looked in his mirrors he realized the wire had come down. Operator of MV1 pulled to the side of the road to report the down wire.

An Eversource truck saw the wire come down and rolled the wire up and out of the road. When the wire went down it caused minor damage to the trailer of the truck and it struck a motor vehicle behind the truck causing minor damage (See incident report 22024800 for damage done to the other vehicle). Both MV1 and MV2 were able to drive away from the scene and there were no injuries. There was no damage done to pole 336/2/1 or pole 78.
